

2024-2025 School Safety Drills

Michigan law requires schools to share documentation of annual safety drills on its public website within 30 school days after the drill is completed. These drill records must be maintained for a minimum of three years and, at a minimum, contain:

- (a) The name of the school.
- (b) The school year of the drill.
- (c) The date and time of the drill.
- (d) The type of drill completed.
- (e) The number of completed drills for that school year for each type of drill required under subsections (3) to (5).
- (f) The signature of the school principal or his or her designee acknowledging the completion of the drill.
- (g) The name of the individual in charge of conducting the drill, if other than the school principal.
